I UVOD

1.1 Korišćene tehnologije

- HTML 5
- CSS 3
- Bootstrap
- JavaScript, jQuery
- AJAX
- PHP
- VS code

1.2 Opis funkcionalnosti

Sajt se sastoji od 9 stranica:

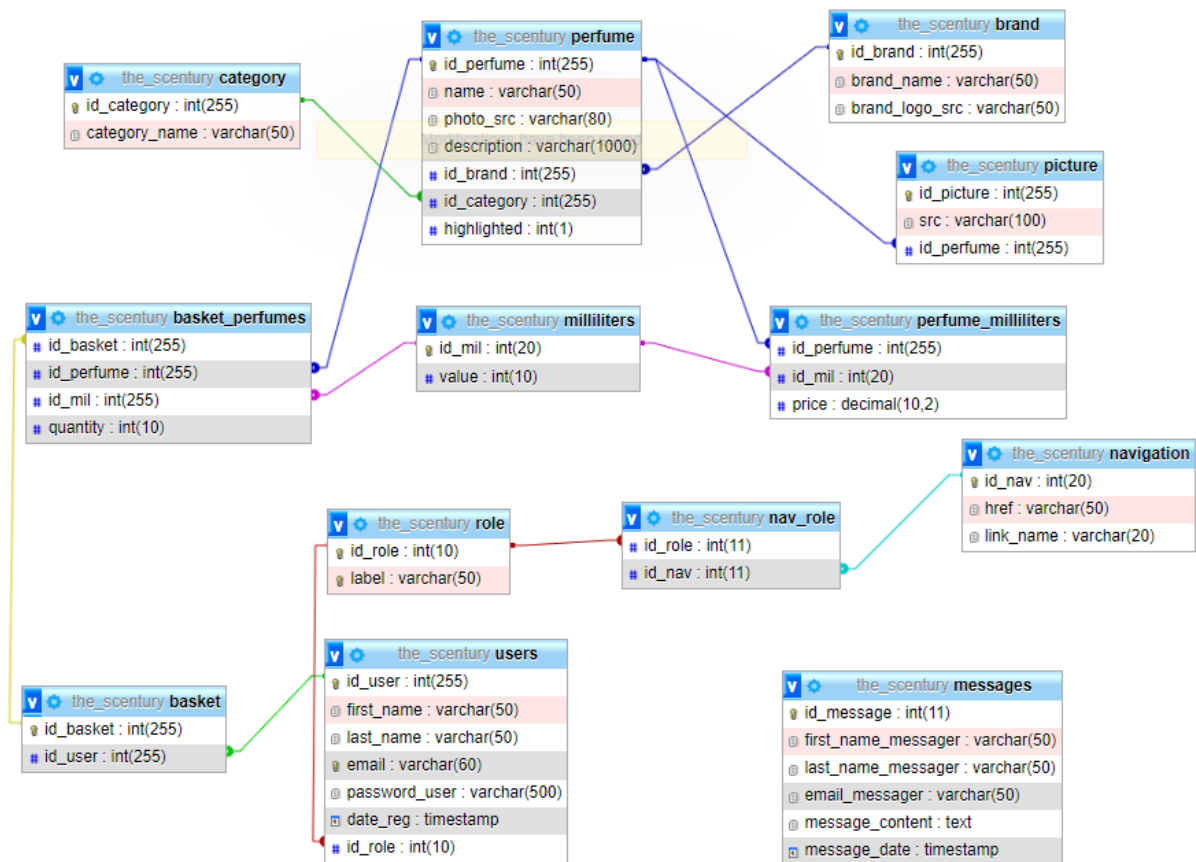

- index.php (index.php se odnosi na početnu, index.php#contact se odnosi na deo o kontakt formi na početnoj stranici)
- shop.php
- register.php
- login.php
- page404.php
- single-perfume.php
- administrator-access.php
- user-data.php
- update-perfume.php
- **Dinamičko ispisivanje navigacije** iz baze podataka (**Home, Shop, Contact, Sign up**). Link za logovanje je dostupan na stranici za registrovanje, gde je naznačeno ispod forme za registraciju (Already have an account? **Sign in** now!), samim tim se ne ispisuje iz baze podataka. Ostali linkovi u navigaciji zavise od uloge (dostupnost u zavisnosti da li je ulogovan korisnik ili admin + **logout** – u fajlu nav.php se vrši provera da li je setovana sesija za određenu ulogu);
- **Detalji o određenom parfemu** - Svaki parfem ima posebnu stranicu o parfemu, gde se prikazuje parfem sa podacima vezanim za taj parfem (ovaj deo je realizovan na početnoj stranici klikom na link „See More“ za „highlighted“ parfeme i na stranici gde se prikazuju svi parfemi (shop.php), klikom na link „View More“);
- **Kontakt forma** – svi korisnici (ulogovani ili neulogovani) imaju mogućnost da šalju poruke;
- **Registracija i logovanje** – klijentska i serverska validacija zajedno sa ispisom poruka, kako u vezi pravilnog unosa, tako i u vezi poruka o uspešnom logovanju/registraciji;

- **Admin panel** – dozvoljen pristup samo administratoru; obuhvata jednu stranicu, na kojoj se putem tabova vrši prikaz određene tabele ili forme (za unos/izmenu proizvoda). Podaci iz tabela su dohvaćeni i ispisani iz baze podataka. Administrator može da dodaje, edituje i briše parfeme.
- **Stranica predviđena za ulogovanog korisnika (profil)** – ukoliko je korisnik ulogovan, može da edituje svoje podatke na stranici kojoj se može pristupiti putem navigacije (na stranici se nalazi forma sa korisničkim podacima). Forma je popunjena podacima (ime, prezime, e-mail), s tim da se lozinka ne iščitava iz baze s obzirom da je kriptovana, već se korisniku ostavlja mogućnost da promeni lozinku ako želi (u pozadini se sa obe strane vrši provera, ukoliko je polje za lozinku prazno – korisnik nije izmenio lozinku i takav odnos prolazi validaciju, dok kada korisnik unese nešto u polje za lozinku, vrši se validacija i ukoliko je prošlo proveru, nova lozinka se kriptuje i update-uje za određenog korisnika);
- **Odjava** – Ukoliko je korisnik/administrator ulogovan, klikom na link (logout) brišu se podaci iz sesije i korisnik/administrator se preusmerava na stranicu za logovanje;
- **Filtriranje, sortiranje i pretraga** – odrađeno zasebno, odnosno sve navedeno je zaseban upit za sebe, samim tim sve zajedno nije usklađeno;
- **Korpa** – nije adekvatno napravljena logika, samim tim dugme „Add to cart“ radi direktno upis u bazu.

1.3 Template

- Korišćeni template (<https://www.free-css.com/free-css-templates/page275/aj>) je single page, ali je prilagođen i izmenjen u skladu sa izabranom temom.

A Guide To Finding Your Signature Scent

Picking a new perfume is not easy but finding 'the one' can be even more overwhelming. Maybe you are one of the few that discovered your signature scent right when you first started exploring the world of perfumery, but maybe you are one of many still searching the fragrance halls of every department store growing ever increasingly confused about what you actually like.

So, what is a signature scent?

A signature scent is a fragrance that truly defines you – it says exactly what you want it to say about you. You cannot get enough of the scent and whilst you may dabble in a new fragrance as you move through the seasons or your style changes over time, you find yourself going back to this specific scent time and time again – it never gets old.

How do you find your signature scent?

No matter what point in your perfume story you are at, it is never too late to find the star of your show. It may seem simple, but to ensure you never fall victim to purchasing yet another bottle of perfume that becomes more of a dust-collecting ornament than a staple in your beauty or grooming routine, be sure to test the fragrance before you purchase it. All too often we find ourselves giving a new fragrance a quick spritz onto a blotter and making a snap decision then and there as to whether we like it or not. Giving yourself time to

It may seem simple, but to ensure you never fall victim to purchasing yet another bottle of perfume that becomes more of a dust-collecting ornament than a staple in your beauty or grooming routine, be sure to test the fragrance before you purchase it. All too often we find ourselves giving a new fragrance a quick spritz onto a blotter and making a snap decision then and there as to whether we like it or not. Giving yourself time to really understand if you are going to enjoy the fragrance is the key to finding your signature scent.

Allow yourself time to really experience the whole fragrance, from the top notes that you immediately smell, right through to the deeper, longer lasting base notes. This takes time, so if you are testing fragrances in store, go get a coffee and let the scent develop over the next few hours before making a decision, paying attention to the different layers of scent that you are experiencing – often a perfume can smell very different after a few hours, so it would be unfair to judge it on the opening fragrance notes alone.

- Parfemi koji su izdvojeni na početnoj stranici se ispisuju iz baze podataka po kriterijumu da li je highlighted polje u tabeli perfume 1 ili 0. U slučaju da je 1, prikazuje se na početnoj strani, što je slučaj kod ova 4 parfema. Zbog samog prikaza i dizajna na početnoj stranici, ovi parfemi imaju dodatnu sliku koja se čuva u zasebnoj tabeli. Takođe, ovakvo ispisivanje parfema je ostvareno tako što nakon što dobijemo rezultat upita, prolazimo for petljom kroz dobijeni niz objekata i ukoliko su indeksi deljivi sa 2, dva diva će se ispisati prema dizajnu: slika se nalazi s leve strane, a tekst i dugme „See More“ sa desne. Nizovi koji imaju indekse koji nisu deljivi sa 2, ispisuju se upravo kontra. Klikom na link „See More“ prikazuje se nova stranica sa detaljima o datom parfemu. Href ovog linka je single-perfume.php + query string (?id=vrednost). Na toj stranici, putem superglobalne promenljive \$_GET dohvatamo vrednost prosleđenu u query string-u i tu vrednost dalje prosleđujemo funkciji koja će odraditi upit prema datoj vrednosti (id parfema). Samim tim, koristimo jednu te istu stranicu za prikaz svakog pojedinačnog parfema.

- Klikom na dugme forme (ako polazimo od toga da ništa nije unešeno), poziva se funkcija u JavaScript-u koja proverava unos svakog polja. Korisniku se ispod svakog polja pojavljuje poruka o pravilnom unosu i setuje se crvena bordura polja. Ukoliko su podaci pravilno unešeni, u istoj ovoj funkciji, ajaxom se šalju kao objekat strani koja će odraditi serversku validaciju. Ukoliko je promenljiva \$errors jednaka nuli, odnosno ukoliko je provera prošla i sa serverske strane, poziva se funkcija koja radi upis u bazu podataka (tabela messages). U tabeli postoji i polje za datum, koje je default tipa current_timestamp(), tako da admin ima evidenciju kada je poruka poslata.

Outstanding buy for the price. Very versatile, great opening. Only downfall for me is that I get anosmia towards it. People around me smell it from a distance, I can't get almost anything after 1 hour.

2.3.2 shop.php

- Za ovakav prikaz parfema korišćen je upit koji spaja 5 tabela (perfume, brand, categories, perfume_milliliters, milliliters). Cena parfema zavisi od veličine, odnosno militraže koja može izražena u 35ml, 50ml i 100ml. Postoje razne kombinacije, jer ne moraju svi parfemi da postoje u tri navedene veličine. Da bi se svi parfemi prikazali, potrebno je da svi imaju neku standardnu militražu, odnosno u ovom slučaju, svi parfemi imaju svoju cenu za 35ml (u upitu je u WHERE klauzuli stavljeno id_mil = 1), dok u zavisnosti od parfema do parfema, određen parfem postoji i u ostalim veličinama, što se dalje može videti kada se klikne na link „View More“.

- **Sortiranje** – sortiranje prema ceni (35ml)
- Događajem onchange u JavaScriptu dohvaćene su vrednosti option tagova (default, asc, desc). U zavisnosti od opcije koja je izabrana i vrednosti koja je dohvaćena, putem ajax funkcije se ta vrednost šalje stranici koja proverava vrednost i pokriva sve slučajeve (asc – SELECT upit sa ORDER BY ASC, desc – SELECT upit sa ORDER BY DESC, default – samo SELECT upit, odnosno realizovan isti upit kao za inicijalni prikaz). U success delu ajaxCallback funkcije pozvana je funkcija printPerfumes, koja za parametar ima rezultat upita i koja zapravo vrši ispis po izabranoj vrednosti.

- Checkbox (label – ime brenda/kategorije, value - id brenda/kategorije)
- Iščitano iz baze podataka putem funkcije koja radi select *, a kojoj prosleđujemo samo naziv tabele.
- Događajem onchange dohvatamo izabrane vrednosti i push-ujemo u niz koji dalje preko ajaxCallback funkcije šaljemo u vidu objekta određenoj strani. Na toj strani dohvatamo niz (ili jednu vrednost u nizu, zavisi šta izabere korisnik), pozivamo funkciju kojoj prosleđujemo dati niz i kolonu (odnosi se na deo u WHERE klauzuli gde se postavlja „WHERE kolona IN...“). U ovoj funkciji, dati niz sa funkcijom implode() prebacimo u string i zapravo tako prosleđujemo u upitu sa WHERE IN. Ista ta funkcija je korišćena i za brendove, i za kategorije. Ukoliko korisnik odčeka brend/kategoriju, sa funkcijom executeQuery koja za parametar ima upit, vraćamo parfeme na inicijalni prikaz.
- Kao i za prethodno sortiranje i pretragu, i za filtriranje, u success delu funkcije ajaxCallback, prosleđuje se funkcija za ispis – printPerfumes.
- U suštini ista funkcija radi ispis parfema prema onome što vrati određena strana iz upita.

2.3.3 single-perfume.php

- Klikom na link „View More“ na stranici shop.php određenog parfema, prikazuje se single-perfume.php?id=id.

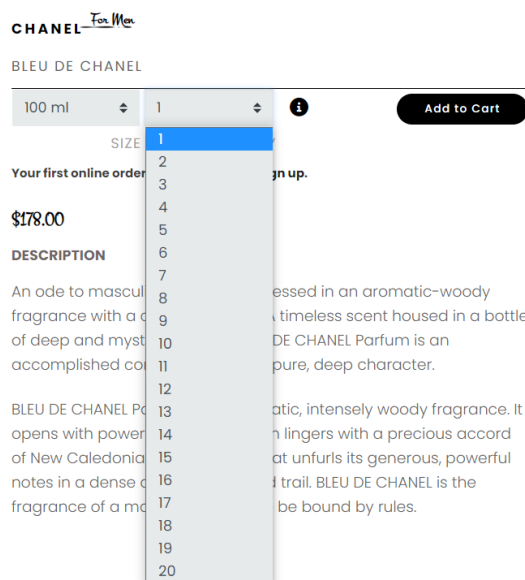

- U dropdown listi su dohvaćene veličine dostupne za dati parfem. Klikom na određenu militražu, korisniku se ispisuje cena.

- Ako korisnik izabere npr. 100ml, ispisuje se cena za tu veličinu.

- Dropdown za količinu je obična for petlja
- Naglašeno je jednim pop-um pored odabira količine da je limit 20 parfema po jednoj porudžbini.
- Neuspešno napravljena logika za korpu, samim tim klik na dugme „Add cart“ šalje podatke putem JavaScript-a, event je onclick za klik na dugme, i klikom na dugme, podaci su dohvaćene vrednosti dropdown listi koje se prilikom događaja onchange smeštaju u promenljive, dohvaćen id parfema, dohvaćen id korisnika, jer samo ulogovani korisnik može da poručuje (skreće se pažnja sa „Your first online order? Please sign in or sign up.“ – ova poruka se kod ulogovanog korisnika ne prikazuje). Odrađen insert. Sa stranice na kojoj pozivamo funkciju za insert, ukoliko je uspešno, vraća poruku „Successfully added to cart.“ koju u success delu ajaxCallback funkcije ispisujemo krajnjem korisniku, iako samo radi insert u pozadini.

- Što se tiče opisa, ukoliko ima dva pasusa, znači da je u bazi sačuvan sa specijalnim karakterom „|“ i samim tim, pri ispisu je sa funkcijom explode() taj podatak rasparčan na niz. Opis je isto ovako realizovan i na početnoj stranici za “highlighted” parfeme, s tim da se samo prikazuje jedan element niza.

DESCRIPTION

An ode to masculine freedom expressed in an aromatic-woody fragrance with a captivating trail. A timeless scent housed in a bottle of deep and mysterious blue. BLEU DE CHANEL Parfum is an accomplished composition with a pure, deep character.

BLEU DE CHANEL Parfum is an aromatic, intensely woody fragrance. It opens with powerful freshness, then lingers with a precious accord of New Caledonian sandalwood that unfurls its generous, powerful notes in a dense and sophisticated trail. BLEU DE CHANEL is the fragrance of a man who refuses to be bound by rules.

- Prikaz forme za registraciju

The screenshot shows the 'SIGN UP' form on a dark-themed website. The header includes the logo 'The Scentury' and navigation links: HOME, SHOP, CONTACT, and SIGN UP. The form itself is a white rounded rectangle with the following elements:

- Input field for 'First name...'
- Input field for 'Last name...'
- Input field for 'Email...'
- Input field for 'Password...'
- Text: 'Already have an account? **Sign in** now!'
- A black 'SIGN UP' button.

- Klijentska validacija – klikom na dugme forme, poziva se funkcija za proveru polja i setuje se crvena bordura polja.

This screenshot shows the same 'SIGN UP' form after a validation check. Red borders have been added to the input fields, and specific error messages are displayed below each:

- Below 'First name...': '❗ This field must be at least 3 characters.'
- Below 'Last name...': '❗ This field must be at least 3 characters.'
- Below 'Email...': '❗ Format required for this field: example@yahoo.com. Also, you can use numbers or special characters (in this case . or _)'
- Below 'Password...': '❗ This field must be at least 8 characters. Use at least one number, one uppercase letter, one lowercase letter and one special character.'

Below the password field, there is a red text message: 'Please fill in all the required fields.' The 'SIGN UP' button remains at the bottom.

- Lozinka mora da sadrži makar 8 karaktera, od kojih je barem jedno veliko slovo, jedno malo slovo, jedan broj i jedan specijalan karakter, što je i navedeno u poruci ispod polja.
- Ukoliko su podaci ispravni, ajax-om se šalju stranici koja će odraditi serversku validaciju i ukoliko je sve u redu, odradiće insert novoregistrovanog korisnika. Takođe, lozinka je kriptovana sa funkcijom md5 pre upisa u bazu. Kada je uspešno registrovan, korisniku će se ispisati poruka („You’ve successfully registered!“) koja se dobija kao rezultat i koju prihvatamo i prikazujemo u određenom divu u success delu ajaxCallback funkcije.
- Nakon par sekundi, stranica se refresh-uje.

It contains two input fields: the first for the email address 'kimberly_r@gmail.com' and the second for the password, represented by dots. Below the password field, there is a link 'Don't have an account yet? Sign up now!'. A 'SIGN IN' button is centered below the link. At the bottom of the form, an error message is displayed: 'Incorrect email address or password. Please try again.'

1	Lamar	Burnett	lamar.burnett98@hotmail.com	Hello!	05/03/2022
2	Anna	Jackson	annajakson@gmail.com	Love this one! I'm talking about the Miss Dior. This is a scent that makes me feel nice, lastingpower is great! It has a freshness but is still powerful. Very nicely blended perfume, bottle is GORGEOUS.	05/03/2022
3	Seth	Hanson	seth_hanson@gmail.com	Never smelled anything that fresh. Very good awakening vibes.	07/03/2022
4	Wayne	Diaz	wayne.diaz98@hotmail.com	It's very warm and comforting, perfect for a cozy autumn day, but I can absolutely imagine wearing this on a night out in the spring. It feels quite niche, the price value is great, however, it doesn't seem to last long on my skin.	07/03/2022
5	Bianca	Walls	bianca.walls@mailinator.com	For an offensive scent that represents the 90's - I sure do like it! Not as sickly sweet as the first formulation, but still a sweet bomb. Projects like crazy.	07/03/2022
6	Kendall	Osborn	kendal.osborn@gmail.com	The website offered perfumes that I couldn't find anywhere else. The website was easy to use and offered many selections. Prices were significantly lower than I expected. I will recommend your site to my family and friends and will be a return customer.	09/03/2022
7	Scarlet	Murphy	scarlet.murphy_32l@mailinator.com	Outstanding buy for the price. Very versatile, great opening. Only downfall for me is that I get anosmia towards it. People around me smell it from a distance, I can't get almost anything after 1 hour.	11/03/2022
